## Florida Partners

## Gather. Go. Get. Campaign Facts

- Florida is leading the nation in an effort to provide our residents with a more secure identification document.
- Beginning Jan. 1, 2010, Floridians renewing or obtaining a new driver license / identification card will be required to show proof of 1) identification, 2) Social Security number and 3) two items of residential address.
- To help residents navigate through these new requirements, the Florida Department of Highway Safety and Motor Vehicles (DHSMV) is launching a communication initiative encouraging Floridians to gather your documents, go to a driver license office and get your new card. The “Gather. Go. Get.” campaign will launch to the general public early-July 2009.
- Florida residents obtaining a new license, replacing a lost/stolen card or changing their name prior to their renewal date should visit an issuing office with new forms of documentation ready for processing.
- Floridians looking to renew a driver license are allowed to do so by a convenience method (Internet or mail) up to one time. Following this convenience option, your next renewal must be in a driver license or tax collector office, at which time you will be asked to provide required documentation.
- If Florida drivers and ID card holders do not visit a driver license office by Dec. 1, 2014 and Dec. 1, 2017 (depending on their birthday) and present required documentation for their new card, they will not be allowed to board a commercial flight or enter a federal building.
- Residents are able to visit the campaign website – [GatherGoGet.com](http://GatherGoGet.com) – and create a personalized checklist of documents needed to obtain their new driver license or identification card.
- The “Gather. Go. Get.” campaign will include a combination of statewide partnership outreach, publicity initiatives, a paid advertising component and website launch.
